

About Us

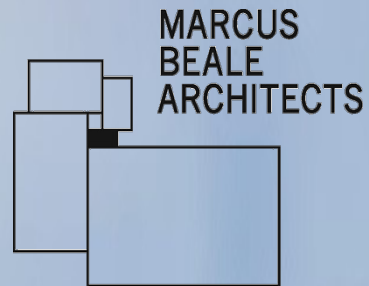

WYC provides keen young singers the chance to sing a wide variety of repertoire - classical, gospel, jazz, pop arrangements - in a friendly and supportive environment. Rehearsals take place in the beautiful and historic church of St Mary's, Wimbledon under the direction of the choir's dynamic young conductor, Max Barley. WYC performs in St Mary's and other local churches, but also further afield, in venues across central London and the rest of the UK.

The WYC Experience

- Focus in rehearsals is on musical education and development, transforming sight-reading, aural and musicianship skills.
- For keen solo singers or accompanists, WYC provides a performance platform. This is ideal preparation for music exams, as well as auditions and university choral scholarship trials.
- Choir members have opportunities to work alongside experienced adult choral singers and professional orchestras.
- WYC is fun socially – so far, around fifteen local schools are represented. A baking rota, ultimate frisbee and tennis are key features of WYC life!
